

## How to Measure

For best results, measure over your undergarments.

### Chest:

Measure just under arms and across shoulder blades holding the tape firm and level. If your chest falls between sizes, order the next size up.

### Waist:

Measure around your natural waistline, keeping the tape comfortably loose.

### Inseam:

Measure pants that fit you well. Lay them flat, with the front and back creased smooth. Measure along the inseam from crotch to bottom of leg hem. Or, if you don't have pants that fit comfortably, measure from your crotch to your desired pant length.

### Tall Sizes:

Our Tall sizes are two inches longer in the length and sleeve than our Regular size garments.

## TRADITIONAL

Mid-rise sits slightly below the natural waist
